HERBOIL CHEM is a premier exporter and supplier of wide range of standardized herbal extract, Spice Oleoresins, Essential Oils, Phytochemicals, Natural food colors and Spray Dried Fruit and Vegetable powders used in the nutritional, pharmaceutical and food industries. Since 2012, we are serving our customers across the globe with excellent quality of products and have built long term relationships. The company's professional services, adherence to International quality standards, competitive pricing and timely delivery of consignments have earned the respect & admiration from our customers.

We are ISO 9001:2015 and GMP Certified Company. Our products are natural in Origin and are also completely traceable and Non-GMO in nature. Our business continues to be an extension of our foresight for product innovation, qualitative approach and supply-chain simplification all of which have collectively progressed us towards becoming a trusted name in global markets.

Our Commitment

We are fully committed to the supply of best quality Standardized Herbal Extracts and Agro Products to our customers, at very competitive price. "Swift Service, Better Price, superior Quality and Commitment are our strength". With high ethical and moral values, constant innovation and strict quality control in our business dealings driving us at steady pace of growth.

Vision

To be an outstanding source to our valued customers by providing superior products, latest ingredients with uncompromising quality of products and excellence in service.

Mission

Our Mission to provide superior quality ingredients in particular to our valued customers in FMCG, dietary supplements, nutraceuticals, cosmeceuticals, sport nutrition and feed industry at most competitive price.

Research & Development (R & D)

The company with its state-of-the-art Research & Development set up at Mumbai, Maharashtra, India is continuously working on new product innovations and process developments in the Natural ingredient sector. The research is spear headed by a prominent scientist in the field of Natural Products.
